# WHY O.K.G.T

"Orphan Kids Got Talent is a private" initiative aimed at highlighting the potential of orphaned or vulnerable children living in accredited and registered homes. While these children receive care, our focus extends to the unique challenges faced by talented street kids who lack societal support. Through our platform, we aim to showcase their raw talent and resilience, shedding light on their plight and advocating for their recognition and support. Our mission is to redefine perceptions of orphan hood and provide opportunities for these deserving children to thrive."

## Our Objectives

- 1 Orphan talent management
- 2 Killing the stigmatization attached to being an orphan
- 3 Societal development
- 4 Giving back to the community
- 5 Stardom parole( prices and award ceremony)
- 6 Worldwide/Global recognition
- 7 Yearly updates and showcase (focusing and reshuffling orphan homes for forthcoming seasons)

The Orphans Kids Got Talent initiative aims to collaborate with the Lagos State Ministry for Youth And Societal Development to effectively manage and maximize the outcomes of this project. Talent knows no boundaries, and through the Miracle Philip Foundation, we will provide a platform for these children to confidently showcase their skills and academic achievements. Our goal is to empower them to stand out amidst adversity, offering mentorship and support to nurture their untapped potential and guide them towards success.
